

Acquisition Integration Support

Support While You Execute the Plan

We aim to mentor and educate your staff to execute your integration. Having set up your objectives, workstreams and processes, our role is as a supporter of your team

Experience

Acquisition integrations are critical to the future success of a business. We have the experience to deliver the expectations of leadership, while balancing the need for business continuity and executing the integration.

Our approach requires

- ❖ Flexibility
- ❖ Determination
- ❖ Pragmatism
- ❖ Empathy
- ❖ Helping your teams through the transition

We support you managing the integration program, keeping it on track and ensuring that management is aware of the true status

Engagement

- ❖ Governance, templates, processes
- ❖ Steering Committee advice
- ❖ Portfolio Management
- ❖ Mentoring workstream and project leaders
- ❖ Cross-Functional coordination and communication
- ❖ Monitoring, controlling, reporting
- ❖ Status meeting facilitation
- ❖ Filling in project management resource gaps

This engagement includes five subscriptions to our *Certified Acquisition Integration Manager (CAIM™)* program
